Before the Tennessee Regulatory Authority

In Re:

**Kingsport Power Company
Assumed Name**

Docket No.

05-00163

**PETITION OF KINGSPORT POWER COMPANY
TO UTILIZE ASSUMED NAME**

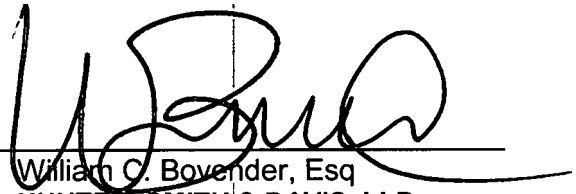

Comes Kingsport Power Company, and, pursuant to Section 1220-4-1-.08(1)(a) of the Rules and Regulations of the Tennessee Regulatory Authority, seeks permission from the Authority to operate under the assumed name of "AEP Appalachian Power."

Kingsport Power Company would further submit the following:

1. Kingsport Power Company seeks to do business in Tennessee under the assumed name of "AEP Appalachian Power."
2. This would not constitute a formal change of the name of Kingsport Power Company, rather, said corporation and corporate name would continue to exist but the Petitioner would merely be doing business as "AEP Appalachian Power." Filings with the Tennessee Regulatory Authority would still be under the name "Kingsport Power Company" and "Kingsport Power Company d/b/a AEP Appalachian Power."
3. On July 15, 2004, Kingsport Power Company received permission from the Secretary of State of the State of Tennessee to utilize the assumed name of "AEP Appalachian Power": Exhibit "1".
4. Kingsport Power Company proposes to notify its customers of the use of the assumed name by utilizing a bill insert during its July billing cycle. A copy of the proposed bill insert is attached as Exhibit "2."

5. There will be no change in the rates or charges of Kingsport Power Company as a result of its use of the assumed name.

To Our Kingsport Power Customers:

As a Kingsport Power customer, you recognize the name above. And, you recognize our dedication to service, reliability and affordable power. We're the only investor-owned electric utility operating in Tennessee and our rates are consistently among the lowest in the state.

For about 80 years, Kingsport Power has been affiliated with American Electric Power (AEP), one of the largest electric utilities in the country. We've also had a close relationship with Appalachian Power — another AEP company — just over the border in Virginia and West Virginia.

Through a recent reorganization, we have become part of the Appalachian Power business unit. The employees you already know and trust here in Tennessee now join with hundreds of others in the company to bring you more efficient and — hopefully — better service in the future. We will work hard to retain your trust and keep your costs for energy low.

So, you'll be seeing AEP Appalachian Power more and more around here in our trucks, on hardhats, company signs, and on your billing statements. Our rates, reliable service, employees and phone numbers will stay the same.

But we want our friends to call us AEP Appalachian Power.
